Frequently Asked Questions

I would like my own white-labeled app. Can you help me?

Please contact us for this information.

What is the cost of this app?

Please contact us for this information.

Can you help me to create an event within the app?

Yes, but at an additional cost.

How much time does it take to create an instance?

Events can be created within 10-15 minutes.

Will my attendees be able to view other events on the app?

No – The login mechanism filters users based on their credentials and shows only those events they are part of

Is there a limit to number of users that can access an app?

No there is no Limit

Where is my data stored? How do I ensure data privacy and security?

We store data on Amazon / Digital Ocean Cloud Servers. To read our privacy policy, check out our website.
